

DECLARATION OF COMPLIANCE

EU REACH – Substances of Very High Concern (SVHC) Candidate List (253 Entries)

1. Company Information

Company Name:	The Power-Sonic Corporation
Company Address:	365 Cabela Dr, Suite 300, Verdi, NV 89439

2. Product Coverage

This declaration covers the Power-Sonic Corporation battery product families listed below:

Chemistry / Type(s):	Valve-Regulated Sealed Lead-Acid (SLA / VRLA) Batteries
	Lithium Iron Phosphate (LiFePO ₄) Batteries

3. Regulation(s) Addressed (at-a-glance)

Regulatory Reference: This declaration is made in accordance with REGULATION (EC) No 1907/2006 concerning the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH) and the current SVHC Candidate List as published by the European Chemicals Agency.

Additional information on the SVHC Candidate List can be found at:

Form F300.001

4. Declaration

The Power-Sonic Corporation hereby declares that all battery products listed above have been evaluated against the REACH SVHC Candidate List as updated through February 4, 2026 (containing 253 substances). In accordance with Article 33 of Regulation (EC) No 1907/2006 (REACH), the Power-Sonic Corporation hereby informs customers that certain Valve-Regulated Lead-Acid (VRLA) battery products contain lead, a Substance of Very High Concern (SVHC), at a concentration above 0.1% (w/w). This substance is essential for the function of the product. All other SVHCs, including those added to the SVHC Candidate List on February 4, 2026, are present below the 0.1% (w/w) threshold.

5. SVHC Substances Referenced (Recent Additions and SVHC Present in SLA Batteries)

Substance Name	Abbreviation	CAS Number(s)	SVHC Status / Notes
Lead	Pb	7439-92-1	SVHC as of 27-Jun-2024; present >0.1% (w/w) in VRLA batteries
n-Hexane	n-Hex	110-54-3	Added to SVHC Candidate List on 4-Feb-2026
4,4'-[2-trifluoro-1-(trifluoromethyl) ethylidene] diphenol and its salts	BPAF	1478-61-1; 75768-65-9	Added to SVHC Candidate List on 4-Feb-2026

6. Product-Specific Compliance:

- For Lithium Iron Phosphate (LiFePO4) Batteries: These products contain no Substances of Very High Concern above the 0.1% (w/w) concentration threshold requiring notification under Article 7 of REACH Regulation (EC) No 1907/2006.
- For Valve-Regulated Lead-Acid (SLA / VRLA) Batteries: These products contain lead (CAS 7439-92-1, EC 231-100-4) at a concentration of more than 0.1% by mass. Lead has been classified as an SVHC substance in accordance with REACH regulations since June 27, 2024. All other SVHC substances are below the 0.1% (w/w) threshold.

7. Basis of Statement and Limitations

This declaration reflects the status of the products listed in Section 2 as of the Issue Date. It is based on information available to The Power-Sonic Corporation at the time of issue, including supplier declarations and internal controls. This document does not constitute a laboratory test report and may be updated if regulatory requirements change or new information becomes available.
