

DECLARATION OF COMPLIANCE

UL 1989 – Standard for Safety for Valve Regulated or Vented Batteries with Aqueous Electrolytes

1. Company Information

Company Name:	The Power-Sonic Corporation
Company Address:	365 Cabela Dr, Suite 300, Verdi, NV 89439

2. Product Coverage

This declaration covers the Power-Sonic battery product families listed below:

Chemistry / Type(s):	Valve-Regulated Sealed Lead-Acid (SLA / VRLA) Batteries
Product Category:	Industrial Battery
Product Batch or Series:	PS, PSH, PHR, PG, PGFT, PG-2V, DCG, PDC, PL, PLHR

3. Regulation(s) Addressed

This declaration is intended to address the following regulation(s):

UL 1989 – Standard for Safety for Valve Regulated or Vented Batteries with Aqueous Electrolytes

4. Declaration

Power-Sonic Corporation hereby declares that the Valve-Regulated Sealed Lead-Acid (VRLA) battery products identified in Section 2 are designed, manufactured, and evaluated to comply with the applicable requirements of UL 1989 Standard for Safety for Valve Regulated or Vented Batteries with Aqueous Electrolytes. The covered products are manufactured under controlled processes to ensure continued conformity with the construction, performance, safety, and marking requirements specified by UL 1989. Compliance is maintained through ongoing quality controls, product verification activities, and adherence to UL's Follow-Up Services program, where applicable.
